future of work after covid 19
report full report pdf 5mb
executive summary 30 pages
the covid 19 pandemic
disrupted labor markets
globally during 2020 the short
term consequences were
sudden and often severe
millions of people were
furloughed or lost jobs and
others rapidly adjusted to
working from home as web in
this report from the capgemini
research institute the future of
work from remote to hybrid we
surveyed 500 organizations and
5 000 employees around the
world and spoke with
academicians and executives
we found that remote working
is definitely the new normal 75
of the organizations expect at
least 30 of their employees to
work web the future of food
