From its earliest days, America served as an arena for the revolutions in alternative spirituality that eventually swept the globe. Esoteric philosophies and personas—from Freemasonry to Spiritualism, from Madame H. P. Blavatsky to Edgar Cayce—dramatically altered the nation's culture, politics, and religion. Yet the mystical roots of our identity are often ignored or overlooked. Opening a new window on the past, *Occult America* presents a dramatic, pioneering study of the esoteric undercurrents of our history and their profound impact across modern life. In this no-holds-barred book, you will find a wealth of magical spells founded in love, grounded in history, and attested in faith. Learn how to use hoodoo spells to find and attract a new lover, easily make casual sexual hook-ups, establish a bonded relationship, celebrate and enhance a loving marriage, arouse your mate more frequently, truly please the one you love, tie a wandering lover's nature, untie your own captured nature, and use personal concerns to happily hold the one you love. Chapters include these methods of sex magic: Fascinating Fluids, Corporeal Concerns, Wonderful Words, Amorous Amulets, Copulating Candles, Darling Dolls, Erotic Energies, Magical Measures, Captivating Clothing, Herbal Aphrodisiacs, Seductive Seasonings, Make-Out Mojos, Bewitching Bottles, and Sacred Sex. Cure a nosebleed by holding a silver quarter on the back of the neck. Treat an earache with sweet oil drops. Wear plant roots to keep from catching colds. Within many African American families, these kinds of practices continue today, woven into the fabric of black culture, often communicated through women. Such folk practices shape the concepts about healing that are diffused throughout African American communities and are expressed in myriad ways, from faith healing to making a mojo. Stephanie Y. Mitchem presents a fascinating study of African American healing. She sheds light on a variety of folk practices and traces their development from the time of slavery through the Great Migrations. She explores how they have continued into the present and their relationship with alternative medicines. Through conversations with black Americans, she demonstrates how herbs, charms, and rituals continue folk healing performances. Mitchem shows that these practices are not simply about healing; they are linked to expressions of faith, delineating aspects of a holistic epistemology and pointing to disjunctures between African American views of wellness and illness and those of the culture of institutional medicine. This is the first book of its kind, presenting accurate botanical information about roots and herbs employed in conjure, with sample spells that will show you how to make and use your own mojo bags, spiritual baths, and incenses. Reading Order: Book #1 Conjure Book #2 Allure Book #3 Illusion "Heiden Hexology, Essays and Interviews", is a collection of published work by Heiden Hexologist, Hunter Yoder. Heiden is the German version of the Anglo Saxon, Heathen. He views recent developments in prechristian Germanic tribalism from his Pennsylvania German perspective. Yoder grew up with the kultur, specifically the practice of painting Hex Signs. In the book, he explores the world of magically charged objects, the preChristian Germanic Gods and Goddesses, the Elder Futhark of Runes, Germanic Witchcraft known as Hexerei, Sex Magic and the use of magic plants. The book documents the proliferation of the practice of Hexerei by the emerging Germanic Heathen community internationally including his interviews of Rune magicians and Folk practitioners. This is Yoder's follow up to his book. "The Backdoor Hexologist," 2009. "Women's Work is a rich magical guide to all phases of female life. From Young Woman to Lover, and from Wife to Mother and beyond, this book tells how to employ traditional African-American conjure work for love, sexual charisma, fertility, childbirth, money drawing, household protection, and keeping your mate at home. Women's work may never be done, but this book of old-fashioned natural magic gives you clear, solid, and simple ways to help yourself and your family. Not just for women but also for the men they love, Women's Work guides you to a better life." -- Universally recognized as one of the greatest blues artists, Memphis Minnie (1897–1973) wrote and recorded hundreds of songs. Blues people as diverse as Muddy Waters, Johnny Shines, Big Mama Thornton, and Chuck Berry have acknowledged her as a major influence. At a time when most female vocalists sang Tin Pan Alley material, Minnie wrote her own lyrics and accompanied her singing with virtuoso guitar playing. Thanks to her merciless imagination and dark humor, her songs rank among the most vigorous and challenging popular poetry in any language. *Woman with Guitar* is the first full-length study of the life and work of this extraordinary free spirit, focusing on the lively interplay between Minnie's evolving artistry and the African American community in which she lived and worked. Drawing on folklore, psychoanalysis, critical theory, women's studies, and surrealism, the authors' explorations of Minnie's songs illuminate the poetics of popular culture as well as the largely hidden history of working-class women's self-emancipation. This revised and expanded edition includes a wealth of new biographical material, including photographs, record contracts, sheet music, and period advertisements, which further vivify this portrait of an African American musical legend. Complete, updated discography included. "Woman with Guitar is a fascinating, thorough and extremely valuable biography of one of American musical history's most vibrant and pioneering artists. As the first woman singer/songwriter/ guitarist to ever reach stardom, the story of her life in music, on and off the stage, during one of the most important and formative periods of the origins of popular music, is an indelible, crucial window into that history."—Bonnie Raitt "Woman with Guitar has been, since it was first published in 1992 and now with this new revised and extended edition, still the only real definitive biography of Memphis Minnie, the most important female singer, songwriter and guitarist in the history of Delta blues."—Lucinda Williams "As a most ardent and devoted lifelong fan of Memphis Minnie and her music, I avidly devoured the original *Woman with Guitar* when it first came out in 1992. Now I am excited to be reading this new edition, and so grateful for its additional rare photos and

carefully researched details, which shed even more light on this seminal, iconic, almost mythical musical pioneer, who was way ahead of her time, and whose soulful music and life so deeply inspired and influenced so many! A must read — whether you are already a Memphis Minnie fan, or just discovering her for the first time!" — Maria Muldaur "An excellent book."—Bill Wyman "Woman with Guitar is not simply a carefully researched biography of Memphis Minnie, compiled from the memories of her relatives, friends, and fellow performers; it is a vivid portrait of a talented singer and guitarist . . . The authors have added a new dimension to blues scholarship."—Paul Oliver, author of *Blues Off the Record* "Woman with Guitar is a delight. The book is both thorough and brilliant, a rare combination these days. . . . A fanatic interest in Minnie underpins and energizes this wonderful biography."—David Roediger, author of *The Wages of Whiteness* Paul Garon is a co-founder of *Living Blues* magazine and author of *The Devil's Son-in-Law* and *Blues and the Poetic Spirit*. Beth Garon is a painter and collagist. The Garons operate a rare-book business in Chicago, Illinois, and have been associated with the US surrealist movement for many years. A comprehensive dictionary of blues lyrics invites listeners to interpret what they hear in blues songs and blues culture, including excerpts from original interviews with Dr. John, Bonnie Raitt, Hubert Sumlin, Buddy Guy, and many others. They can be found along the side streets of many American cities: herb or candle shops catering to practitioners of Voodoo, hoodoo, Santería, and similar beliefs. Here one can purchase ritual items and raw materials for the fabrication of traditional charms, plus a variety of soaps, powders, and aromatic goods known in the trade as "spiritual products." For those seeking health or success, love or protection, these potions offer the power of the saints and the authority of the African gods. In *Spiritual Merchants*, Carolyn Morrow Long provides an inside look at the followers of African-based belief systems and the retailers and manufacturers who supply them. Traveling from New Orleans to New York, from Charleston to Los Angeles, she takes readers on a tour of these shops, examines the origins of the products, and profiles the merchants who sell them. Long describes the principles by which charms are thought to operate, how ingredients are chosen, and the uses to which they are put. She then explores the commodification of traditional charms and the evolution of the spiritual products industry--from small-scale mail order "doctors" and hoodoo drugstores to major manufacturers who market their products worldwide. She also offers an eye-opening look at how merchants who are not members of the culture entered the business through the manufacture of other goods such as toiletries, incense, and pharmaceuticals. Her narrative includes previously unpublished information on legendary Voodoo queens and hoodoo workers, as well as a case study of John the Conqueror root and its metamorphosis from spirit-embodiment charm to commercial spiritual product. No other book deals in such detail with both the history and current practices of African-based belief systems in the United States and the evolution of the spiritual products industry. For students of folklore or anyone intrigued by the world of charms and candle shops, *Spiritual Merchants* examines the confluence of African and European religion in the Americas and provides a colorful introduction to a vibrant aspect of contemporary culture. The Author: Carolyn Morrow Long is a preservation specialist and conservator at the the Smithsonian Institution's National Museum of American History. Hoodoo, voodoo, and conjure are part of a mysterious world of African American spirituality that has long captured the popular imagination. These magical beliefs and practices have figured in literary works by such authors as Toni Morrison, Alice Walker, and Ishmael Reed, and they have been central to numerous films, such as *The Skeleton Key*. Written for students and general readers, this book is a convenient introduction to hoodoo, voodoo, and conjure. The volume begins by defining and classifying elements of these spiritual traditions. It then provides a wide range of examples and texts, which illustrate the richness of these beliefs and practices. It also examines the scholarly response to hoodoo, voodoo, and conjure, and it explores the presence of hoodoo, voodoo, and conjure in popular culture. The volume closes with a glossary and bibliography. Students in social studies classes will use this book to learn more about African American magical beliefs, while literature students will enjoy its exploration of primary sources and literary works.

From 2002 through 2013, the Lucky Mojo Curio Company offered an assortment of informational "shop flyers" to all in-store and mail-order customers, featuring basic information about African American hoodoo drawn from catherine yronwode's book "Hoodoo in Theory and Practice." Meanwhile, from 2008 through 2013, the Missionary Independent Spiritual Church annual Hoodoo Workshops, attendees who came to receive hands-on training in the practice of conjure and other forms of world folk-magic received hand-out flyers describing the spells, recipes, and methods of practice being taught. All of these three-hole-punched information sheets -- the Lucky Mojo Shop Flyers and the Hoodoo Workshop Hand-Outs -- were then collected together into a black school-report cover -- which we called The Black Folder. As the years went on, the content of The Black Folder grew and grew and grew, until there were so many pages that they could no longer easily fit into a single report cover ... and so we put together the complete set of all of the past Missionary Independent Spiritual Church Workshop flyers, plus a complete set of all of the Lucky Mojo shop flyers into a 136 page professionally printed BOOK. The name of the book is "The Black Folder" -- but don't let the name (or the cover) fool you -- it's a regular 8 1/2" x 11" trade paperback book, like nothing else available anywhere. Enter into the sporting life, the world of prostitutes, pimps, madams, gamblers, bootleggers, and drag queens. From the ritzy clubs, hidden speakeasies, luxurious brothels, and down-on-their-luck dives of old to the seedy massage parlours and back alleys of today, the sporting life has always intersected with the culture of African-American hoodoo, conjure, and rootwork. Now Professor Porterfield takes you into the clandestine milieu of underworld beliefs and secret practices, and shows the impact that the sporting life has on the world of magic and spirituality. With more than 150 practical spells, charms, recipes, and authentic old-style tricks, The Sporting Life pulls back the velvet curtain that has for too long concealed the life, times, and history of the demimonde. Presenting the magic of the prostitutes of the Bible, the working girls of Storyville and Memphis, the high-stakes bettors, the magnetic madams, the persuasive pimps, the cagey corner dope dealers, and members of oppressed lesbian, gay, bisexual, queer, and transgender communities of colour ? Long before television and radio commercials beckoned to potential buyers, the medicine show provided free entertainment and promised cures for everything from corns to cancer. Combining elements of the circus, theater, vaudeville, and good old-fashioned entrepreneurship, the showmen of the American medicine show sold tonics, ointments, pills, extracts and a host of other "wonder-cures," guaranteed to "cure what ails you." While the cures were seldom miraculous, the medicine show was an important part of American culture and of performance history. Harry Houdini, Buster Keaton, and P.T. Barnum all took a turn upon the medicine show stage. This study of the medicine show phenomenon surveys nineteenth century popular entertainment and provides insight into the ways in which show business, advertising, and medicine manufacture developed in concert. The colorful world of the medicine show, with its Wild West shows, pie-eating contests, clowns, and menageries, is fully explored. Photographs of performers and of the fascinating handbills and posters used to promote the medicine show are included. In 1947, when it was first offered for sale, *This Amazing Book* was a rural herbalist's delight. Published by the strangely obscure Sunrae Products Company in the tiny town of Ogema, Wisconsin, it was marketed via a series of small classified ads in popular do-it-yourself magazines, and gave traditional rootworkers an introduction to the convenience of mail-order supplies. The anonymous author

took the secret of his or her identity to the grave, but the data supplied here about down-home treatments with herbs, roots, seeds, and flowers forms the foundation of modern herbal medicine. Now, on the 70th anniversary of its original publication, the Lucky Mojo Curio Company is proud to present a restored and revised edition of this essential text, newly edited by Catherine Yronwode and illustrated with the classic botanical art of F.
