Muddy Mentors and Scaly Scholars Dec 30 2019 *Muddy Mentors and Scaly Scholars* is a primer for the exploration of animal ethics through the lenses of the Hebrew Bible, New Testament, Secular writings, and Native American mythology. The purpose of the text is to challenge the pervading belief that humans, by nature, have a greater degree of intrinsic worth. Animals have a great deal to teach us and may offer insight into areas that we have overlooked for some time. This text raises four key arenas for inspection: morality, respect, friendship, and ritual remembrance. If we look to the animals and how they interact with some humans, we may see the emergence of a more sophisticated ethical standard that appreciates all of life, rather than one that exists from a point of species-specific bias. The text is designed to facilitate a spiritual journey between the reader and creation. As one progresses through the pages, the reader is challenged to respond to the belief that we have dominion over the animals. The assertion that animals share much of life's concerns with us is articulated clearly. As the Philosopher-King from *Ecclesiastes* says, I said in my heart that God is testing them to show that they are but animals. For the fate of humans and the fate of animals is the same; as one dies, so dies the other (*Ecclesiastes* 3:18-19). By seeing animals as teachers and pilgrims on the same journey of life, perhaps a new world can emerge: one

where unity is celebrated above the divisiveness of difference.

Laser Moose and Rabbit Boy Nov 01 2022 Batman and Robin meet Rocky and Bullwinkle. Through a series of fun, adventure stories, Laser Moose, who can shoot lasers from his eyes and his sidekick, Rabbit Boy, endeavor to save the forest from looming threats. Laser Moose is about two forest animals who want to be superheroes: Laser Moose and his sidekick Rabbit Boy. In a series of three short stories, they encounter menacing aliens, have a run in with Aquabear, and try to help Mechasquirrel after he is programmed by their evil nemesis cyborgupine. Laser Moose is a moose that shoots lasers out of his eyes. Because he has been given this special superpower, he sees himself as the great defender of the forest against the forces of evil. Unfortunately he's not a terribly effective superhero; he often misinterprets what's evil and what isn't, and his superpower is pretty dangerous. He talks about the forest like it's Gotham City, when in fact it's pretty crime-free. Rabbit Boy is just a regular rabbit with no superpowers. He respects Laser Moose and wants to be a superhero too. Rabbit Boy is fortunately a lot more competent and heroic than Laser Moose, so he's more likely to get them out of trouble. This dynamic duo serves up lots of laughter for kids.

Marionette Plays from Northern China Aug 25 2019 English-language translations of traditional plays from the marionette puppet theater of Northern China. Marionette puppet theater has a rich and ancient history in China, extending back to the Han dynasty and reaching its heyday in the Qing dynasty. While this art form is nearly extinct in northern China today, a handful of troupes in Heyang County in Shaanxi Province, which claims to be the birthplace of marionette theater, continue to perform skits and scenes from Heyang's earlier, broader marionette theater repertoire. In this book, Fan Pen Li Chen has collected and translated rare transcriptions of some of the most popular of these plays. Her insightful translations include a rich variety of genres and highlight memorable characters that range from manipulative aristocrats, poor Confucian scholars, and a woman warrior to Baldy Guo, the iconic clown of puppet theater. As the only work in English about the puppet theater of northern China, these translations provide valuable information about the history, religion, social roles, and popular culture of that region. Detailed introductions and annotations for each play, as well as an extensive bibliography, are also included. Fan Pen Li Chen is Associate Professor of East Asian Studies at the University at Albany, State University of New York. She is the author of *Chinese Shadow Theatre: History, Popular Religion, and Women Warriors and Visions for the Masses: Chinese Shadow Plays from Shaanxi and Shanxi*.
