Peter London offers inspiration and fresh ideas to artists, art students, and art teachers—as well as to people who think they can't draw a straight line but want to explore the joys of creative expression. Inside every person, he believes, there is an original, creative self that has been covered over by secondhand ideas, borrowed beliefs, and conditioned behavior. Spiritual Awakening May 10 2021 The wisdom that the 2012 code can inspire in us is to look directly at our lives, right here and now: What are our spiritual guiding principles? How can we live in greater harmony with all our personal relations? How can we embody genuine compassion? How can we become increasingly aware and self-reflective? How can we deepen our humility? How can we share our talents and gifts as a way to influence our culture and help manifest the new paradigm? How can we be of service to life, and positively contribute to the whole? How can we cultivate a balance of being and doing, receptivity and action? On this diverse planet, we all have different strengths, different abilities, different callings. Rather than looking to the world to show us our path, we need to look deep within our spiritual being and listen to our inner sense of how to navigate these times of the great unknown. It is essential we learn to hear the voice of our inner wisdom, our spiritual self. No one can give us wisdom; it is within all of us, born of our own direct experience. We each have our own direct connection to our spirit, and we must keep learning how to hear our divine, intuitive directives, whispering within. This ability to hear the voice of our inner guidance is the most practical skill we can cultivate in these times. It is what will inform us to how to synchronize in the right place at the right time.

The Awakening Sep 02 2020 If one is looking for answers to the meaning of life and how to make a happier, richer existence—e.g., relationships, finances, health—then Neville’s teaching from personal experience, testimonies from students, and his amazing visions paralleling and explaining the mysteries of the Old and New Testament will answer those questions. Learn his techniques, unleash your power to create, believe in your imaginal acts, and no power in this world can stop the desired results from appearing in your world. It’s the only creative power, one that everyone is operating moment to moment. Learning how to direct it deliberately is essential to producing loving, positive changes in one’s life. These 1963 lectures also begin a nine-year odyssey of discovering the deepest meanings of six visions of the End that had unfolded in Neville (1959–1963). The visions are the signs that this long journey as limited man, the terrible opacity and contraction, is over, that the purpose of human life has been completed—man has endured and overcome six thousand years of amnesia plus the fires of experience and has emerged victorious. He’s been transformed by his inner being (I AM, God) back into the divinity he truly is . . . and always was.

Womb Wisdom Dec 29 2022 Tools to awaken the creative powers of the womb • Contains exercises to open the womb’s energetic pathways, release toxic emotions, and harness creative potential • Reveals how the womb’s energies are crucial for the spiritual shift of 2012: birthing a new civilization • Shows how the awakened womb can also bring about male spiritual transformation • Includes 45-minute CD to help awaken creative energies In the past and in present-day indigenous traditions, women have known that the womb houses the greatest power a woman possesses: the power to create on all levels. Utilized in the process of giving birth, this power of creation can also be tapped in the birth of projects, careers, personal healing, spirituality, and relationships. However, because the womb stores the energetic imprint of every intimate encounter--loving or not--the creative voice of the womb is often muffled or absent altogether, affecting the emotional, mental, and spiritual health of women and their relationships. Drawing on sacred traditions from ancient India, Tibet, Egypt, Gnostic Christianity, and Judaism, the practice of Womb Wisdom empowers women to become aware of the intuitive voice of the womb outside of pregnancy and the moon cycle to unlock this potent inner source for creativity, birthing the new conscious children, spiritual growth, and transformation not only for themselves but also for their male partners. The authors include exercises to clear the past, release toxic emotions, open the womb’s energetic pathways, activate the sacred sensual self, bring balance to relationships, and harness creative potential. Including intimate, individual stories of women experiencing the opening of the womb, this book also explores the forgotten sacred sites of the womb around the world as well as how the womb’s energies are crucial to birth a new civilization in the spiritual shift of 2012. The accompanying 45-minute CD includes a soundscape to assist in the awakening of these creative forces.

Womb Awakening Feb 25 2020 Rediscover the lost ancient mystery teachings of the Cosmic Womb • Explains how each of us has a holographic blueprint of the Womb of Creation, our spiritual Womb • Offers practices to help awaken your spiritual Womb, experience the Womb of God within, and activate the Womb's sacred magic of creation and manifestation • Looks at the power of the moon and its connection to sacred Womb Consciousness • Explores how the lost Womb mystery teachings were encoded in folk and fairy tales, the legends of the Holy Grail, and the traditions of Mary Magdalene and Sophia The Ancients lived by a feminine cosmology of creation, where everything was birthed and dissolved through a sacred universal Womb. Within each of us, whether female or male, lies a holographic blueprint of this Womb of Creation, connecting us to the Web of Life. By awakening your spiritual Womb, the holy of holies within the temple of your body, you can reconnect to the transformative energy of Womb Consciousness and reclaim your sacred powers of creation and love. Drawing on mythical and spiritual traditions from almost every culture, Dr. Azra and Seren Bertrand reconstruct the moon-based feminine mystery teachings of a lost global Womb religion, tracing the tradition all the way back to the Neanderthals and beyond. They explore how these teachings were encoded in the symbolism of folk and fairy tales; the legends of the Holy Grail; the traditions of Mary Magdalene and Sophia; the maiden, queen, and crone archetypes; and the teachings of alchemy and the chakras. They show how sages and shamans across the globe all secretly spoke of the Cosmic Womb and the sacred creative powers of Moon Blood. The authors look at the power of the Moon and its connection to sacred Womb Consciousness, offering meditations and practices to help awaken your spiritual Womb and activate its sacred magic of creation and manifestation. They explain how to activate the energetic gateways of the Womb and merge the heart and Womb to make sexual union the highest sacrament of love. Revealing how we must reconnect with the Divine Feminine to rebirth the Divine Masculine and restore balance to our world, they show how, as we reawaken the powerful ancient path of the Womb Mysteries, we help return our world to harmony with the wild, untamed creative flows and cyclical rhythms of the cosmos.

The Cult of Art in Nazi Germany Nov 23 2019 The Cult of Art in Nazi Germany presents a new interpretation of National Socialism, arguing that art in the Third Reich was not simply an instrument of the regime, but actually became a source of the racist politics upon which its ideology was founded. Through the myth of the "Aryan race," a race pronounced superior because it alone creates culture, Nazism asserted art as the sole raison d'être of a regime defined by Hitler as the "dictatorship of genius." Michaud shows the important link between the religious nature of Nazi art and the political movement, revealing that in Nazi Germany art was considered to be less a witness of history than a force capable of producing future, the actor capable of accelerating the coming of a reality immanent to art itself.

Awaken Your Creative Spirit Jul 24 2022 Your creative spirit is present when you experience positive energy flowing through you. This energy is ignited when you make a direct connection with God. When you claim your celestial power with the assistance of your heavenly helpers by your side on your Earthly life, then this assists in capitalizing the true divine power within you. *Awaken Your Creative Spirit* is an overview of what it means to have access to Divine assistance and how that plays a part in arousing the muse within you in order to bring your state of mind into a happier space.

[The Awakening Artist](#) Dec 17 2021 *The Awakening Artist: Madness and Spiritual Awakening in Art* is an art theory book that explores the collision of human madness and spiritual awakening in art. It examines a condition of insanity that can be seen in most art movements throughout art history and contrasts that insanity with revelations of beauty, wonder and truth that can also be found in many works of art. *The Awakening Artist* references concepts of creativity put forward by Joseph Campbell, Carl Sagan, Albert Einstein, Carl Jung and others. Furthermore, *The Awakening Artist* discusses many of the world's most important artists who explored the theme of awakening in art including Michaelangelo, Paul Cezanne, Claude Monet, Marcel Duchamp, Morris Graves and many others. Additionally, using concepts of Eastern philosophy, the book presents the case that human creativity originates from the same creative source that animates all of life, and that the artist naturally aligns with that creative source when he or she is in the act of creating.

AWAKENING INTO UNITY Sep 14 2021 This series summary/overview volume—*Awakening into Unity*—maps a big-picture view of the essential features of our intrinsic unity, and brings their immensity and importance within everyone's easy, confident grasp. Perhaps more than any other series installment, it affords a grand, breathtaking journey hallmarked with many vital and inspiring stories. First, it presents the story of my life's work and awakening into inspiring nuances of the unity perspective that I'm certain will help birth a vibrant, healed future. It also shares important aspects of unity uncovered through my extensive research into Big History – the specific mechanics of the universal creation process that made us and our world possible. I also share an integrative vision of how we humans have pursued a communion with this underlying oneness through time; via scientific, religious, spiritual, philosophic, environmental, indigenous perspectives, and more. This investigation ultimately delivers an expansive worldview and a compelling environmental ethic designed to help us re-ground our essentially creative human nature within the larger universal creation process. Significantly though, and far beyond simply presenting my own prescriptive sense of how this restorative planetary shift might best occur, *Awakening into Unity* chronicles myriad ways that others are already employing this perspective to turn our ship around. These are the stories of us in our striving billions, woven together in an informative, celebratory narrative that brings our diverse world-healing efforts alive, front and center, for all to see. This grand saga evidences and honors humanity moving past climate theory, discussion and debate into decisive, active engagement; the true global awakening and life-saving transformation that's happening all around us in real time. Unifying threads of this holistic tapestry source from my own efforts and those of others in every facet and type of human entity on Earth today; the pivotal achievements of notable contributors seeking to co-create a better future. Together, these examples provide a wealth of wisdom and practical solutions helpful to all. *Awakening into Unity* thus captures the vital, living, unprecedented truth that all parts of our world are now rising and shining into a bright, new, Earth-healing day. No other movement,

tradition, belief system, or collective enterprise can claim such broad-based evolutionary inclusiveness. Terragenesis, Gaia enthroned, is indeed here; her heart is beating; and she's alive! Quite simply, and without exaggeration, this has become the single most important collective human effort ever undertaken, and the zeitgeist, the defining feature and spirit of our time. May this book serve as an energizing catalyst and helpful road map for our great leap. And may it help you move confidently into a brighter future filled with grace, intelligence, effectiveness, compassion, comradeship, integration, and Joy!

The Creative Awakening Dec 05 2020 Creativity in its basic form is a "primoral reaction" associated with the "flight response" of the "instinctive response system" which is used for emergency escape or near death survival situations. This response to extreme or threatening danger is brought out in modern man by "child abuse," psychological abuse, accidents, head traumas, and near death experiences. This is not to say that people with none of these extremes have no creativity. "Will Stephen was a messenger for this Aquarian Age.
